part of the city for 75 cents per month.

## TRACK GOSSIP

Just What the Horses  
Are Doing.

Busy Days for Owners and Trainers  
Preparing for the Kame-  
hameha Races.

There was a decidedly busy time yesterday at the track, and trainers have commenced to hustle their charges along in earnest. The Jockey Club program was generally discussed among the racing men at headquarters and the consensus of opinion was extremely favorable. The special gentleman's race, however, excited some unfavorable comment, the impression appearing to prevail that the event, as mentioned in the program, was the regular gentleman's race, and that the entries had been declared closed, before being published, for ulterior motives. This is not the case, the race being a private affair originating out of a smoking-room discussion as to the merits of certain horses. To settle the argument, five gentlemen concerned agreed to race their animals on Kamehameha Day, providing the necessary permission could be obtained from the Jockey Club. The race will be for a trophy to the cost of which each owner shall contribute a small amount, and will be driven by the owners themselves. The event is not one of the regular Jockey Club events but is to all intents and purposes a side issue. Owing probably to an oversight, the regular gentleman's race was omitted from the program, but this will doubtless be remedied forthwith, as such a race would be extremely popular and would undoubtedly receive the support of many owners who have been training their horses solely with an eye to such an event.

Following is the record of yesterday's work:

Earley's string was exercised on the road.

McAuliffe's Allegro, Flammer F., Lor-  
raine C. and Antioque galloped slowly.

Cornwell's stable took healthy exercise  
in the park.

General Cronje galloped four miles  
with sweaters.

Amarino walked.

Aggravation was sent a mile on her  
courage.

Directress was jogged on the road.

Callan's Creole Gusto colt went three  
miles. He is a false alarm. If his tem-  
per was as good as his looks he might  
make a racehorse.

Gibson took Irish Lassie out on the  
road. The mare appears to be a long  
way from herself yet, though just what  
is the picture is doubtful.

Larry Dee's Albert M. was warmed up  
three miles and then worked out two  
good heats, Gibson driving; time of last  
heat, not worse than 2:35.

Viola was worked out six rattling heats  
by Jim Quinn; time first heat, 2:20; last  
heat, 2:30; last quarter of last heat 31 1-2  
seconds; last eighth of last heat, 14 1-2  
seconds.

McManus' Fred. Eros covered two slow  
miles and then worked out two torrid  
heats in 2:29 and 2:30 respectively, all  
out.

Larry Dee and Mr. Edmunds were present  
at the track yesterday to witness the  
work of the horses.

The officers of the executive committee  
of the Jockey Club will meet at the  
track this morning at 7 o'clock, to in-  
spect the improvement and discuss the  
matter of new stables.

Fifty dollars will be added to the Ro-  
settia challenge cup, if Angie A's record  
for a mile (1:45 1-2) is beaten.

## HOME INSURANCE IS A NECESSITY

The Planters' Monthly Urges the  
Starting of a Local  
Company.

The Planters' Monthly for May is just  
out. It has many interesting articles  
on sugar. The following is taken from  
the Monthly:

After an embargo of over four months  
the quarantine on account of the bubo-  
nic plague in Honolulu has been ended,  
and all restrictions on trade and  
travel have been removed. When we  
state that the plague on this Island of  
Oahu has been confined to the city, the  
benefit of the quarantine will be seen.  
Of the 71 cases, 61 were fatal, and a ma-  
jority of these were Chinese. The prop-  
erty destroyed by order of the Govern-  
ment could not have amounted to over  
\$200,000, while that caused accidentally  
by a high wind may exceed five times  
that sum. How far the liability of the  
Government is involved in this addi-  
tional loss remains to be decided by  
the courts. Some compromise will  
probably be made, or at least should be.  
If, however, it should be refused, it will  
become a serious question whether in-  
surance of local property should not be  
undertaken by companies organized  
and controlled here.

There are very few cities where fires  
occur less frequently, or the amount of  
property destroyed by fire is less, than  
on these Islands. No better field for the  
investment of local capital can be found  
than in the establishment of home in-  
surance companies, whose field would  
embrace the whole group. The amount  
now invested in sugar mills and build-  
ings connected with them, to say nothing  
of the large annual increase in  
dwellings, steamships, cargoes, etc.,  
furnishes a field which ought to be con-  
trolled by local capital. The subject is  
one which should be discussed and fully  
examined by those who are familiar  
with it and the amounts which are now  
annually sent away, and which should  
be kept here.

This is a matter in which sugar plant-  
ers and capitalists are directly inter-  
ested. If taken hold of in earnest it  
would give employment to many.

GONE TO SEE MARK.

The Interesting Tale That Absent  
Lawyer Berry Left Behind.

If what Dick Daly says is true, Francis  
J. Berry, secretary of the Murray  
Club, whose headquarters is over the  
shop of the well-known blacksmith,  
has gone to Washington, D. C., to see  
Mark Hanna, on political business.  
Daly looked wise yesterday while juggling with a frying egg, and asserted  
that Berry has in his pocket a dispatch  
from Hanna, asking that a representative  
of the Republican Club (of the  
Murray persuasion) be sent to confer  
with him at once.

According to Daly, who has a better

reputation for making money from  
sandwiches than he has for political  
sagacity, the Murray Republican Club,  
when first organized wrote posthaste  
to Hanna asking instructions for or-  
ganizing and demanding authorization  
for the retention of the name of the  
"Republican Party." It was the scheme  
of the leaders to make a "party," trade-  
mark the name and hold out against all  
comers until the goods were delivered.  
A few days ago came the reply from  
Hanna, says Dick Daly. From the  
lunchmaster's story it would seem that  
Hanna was led to believe that the Mur-  
ray Club was really the "whole thing,"  
and so offered his advice to a repre-  
sentative. The club met a night ago  
and elected Mr. Madden as secretary  
during Mr. Berry's absence. The mem-  
bers of the club—the active ones num-  
bered four at the last meeting—have  
high hopes of something "doing" on  
Berry's return.

How it Was Done.

The Chinese assault case which oc-  
curred in Manoa valley last month was  
before Judge Davis yesterday. The  
plaintiff in the case had his head cut  
open by a plantation mattock during a  
fight over water rights. Much  
amusement was afforded the jury by  
an exhibition of the manner in which  
the blow was inflicted. The Chinese  
plaintiff came down from the witness  
stand, and using attorney Magoon as a  
target, wielded the mattock, just touch-  
ing the attorney's head, but sufficiently  
to cause the latter to wince. The case  
has not yet been finished.

New attractions at the Orpheum to-  
night.

## For the Baby

The fifty-cent size is just  
tight for the baby. A little  
of it in the bottle three or  
four times a day will supply  
precisely the fat all thin ba-  
bies need. If your baby does  
not gain in weight as fast as  
you would like, try

## Scott's Emulsion

The result will please you. If  
the baby nurses, the mother  
should take the emulsion.  
It makes the baby's food  
richer and more abundant;  
only buy the dollar size—it's  
more economical.

Both mother and child will feel at  
once its strengthening, upbuilding  
and fat-producing properties.

At all druggists; get and \$1.00.
